St. Alban's Episcopal Church

Vol. 3 No. 5 (January 2003) Elberton, Georgia

## INTERIM RECTOR'S CORNER

### *You are Invited!*

Elberton First Presbyterian Church is inviting St. Alban's parishioners to a spectacular program of studying the heavens on Thursday evening, February 6.

Dr. Maurice Snook, a chemist by profession but an astronomer by passion, is an engaging lecturer, according to the Rev. Bill Mounts, minister at First Presbyterian. Dr. Snook has slides and has done extensive research on the Christmas/Epiphany Star (We'll still be in the Epiphany season), and has an enormous amount of information about the heavenly bodies in general.

The program will begin at 6:15 p.m. on February 6 at First Presbyterian with a covered dish supper. "Episcopal culinary talents will be welcome," says Bill Mounts.

This is the second in offerings of special events sponsored jointly by Elberton's Presbyterians, Lutherans, and Episcopalians, the first being an ecumenical service last Thanksgiving. In addition, we're inviting the Presbyterians and Lutherans to join us, effective January 1 for our regular Friday noon Enneagram Bible Study of Old Testament personalities.

***Come: February 6th at 6:15 pm  
To: First Presbyterian Church, Elberton  
Bring: Something good to eat***

## TAKING NOTE

St. Alban's outreach effort at Christmas provided toys and clothing for a family of six children and the widowed grandmother who is their sole caregiver.

The children, who live in Bowman, include

a 13-year-old girl,

a 9-year-old boy,

an 8-year-old girl,

a 5-year-old girl, and

a pair of 4-year-old twin girls.

With the Vestry's approval, we may be helping this family at birthday times throughout the year, not just at Christmas.
